Jersey Cash 5 Estimated Starting Jackpot Increases to \$75,000 with its Game Refresh

Jersey Cash 5 Will Offer More Chances to Win Higher Jackpots

TRENTON, N.J. (Sept. 9, 2014)- Starting with the Sept. 14, 2014 drawing, Jersey Cash 5 players will see game changes that will result in larger estimated starting jackpots, more opportunities to win bigger jackpots, and increases in the average match-3 prize paid— all for the same \$1 ticket price.

In response to player demand for bigger jackpots, the Jersey Cash 5 estimated minimum jackpot will jump from \$50,000 to \$75,000. Match-3 average prize paid will increase from \$11 to \$15. Players will now select from a field of 43 numbers instead of 40, or have the terminal randomly assign (Quick Pick), five numbers from 1- 43.

Carole Hedinger, New Jersey Lottery Executive Director said, "Offering larger starting jackpots for the popular Jersey Cash 5 game should be very popular with our players. This refresh will also offer more players a larger Match-3 prize payout and more chances to win larger jackpots."

Leading up to the game change on September 14, there will be a "stepdown" of multi-draw purchases allowed. After the drawing on September 13, no sales for Jersey Cash 5 will be allowed until the morning of September 14.

Jersey Cash 5 drawings are held at approximately 7:58 PM Eastern Time at the New Jersey Lottery headquarter studio. Jersey Cash 5 drawings are conducted seven (7) days per week, Monday through Sunday with the exception of Christmas Day. However, the day, time or location of Jersey Cash 5 Drawings may be modified as determined by the Director and publicly announced by the Lottery, and/or as stated in the Jersey Cash 5 Drawing Procedures.
